SARTHAK
POLY PLAST

**WELCOME TO
THE COMPANY**

About Us:

Established in 2012, Sarthak Polyplast is a trusted manufacturer of premium polymer products, including PP Woven Bags, HDPE, and BOPP. With a 35,000 sq. ft. facility and 5 automated extruder lines, we produce 15-20 MT daily. Our in-house lab ensures top-notch quality for packaging, injection molding, and industrial applications.

At Sarthak Polyplast, we continue to uphold a strong commitment to quality, innovation, and sustainability, with a turnover of 15-20 crore and a workforce of over 50 employees, supplying our products PAN India and internationally.

OUR PRODUCT

PP

PP (Polypropylene) Raffia plastic granules are high-quality, pure, and consistent in size and shape.

HD

High density (HD) polyethylene grade suitable for blow film & extrusion blow, good stiffness, good ELT strength and impact.

BOPP

BOPP POLYPROPYLENE plastic granules are high-quality, pure, and consistent in size and shape.

OUR MISSION & OUR VISION

OUR MISSION

To provide innovative, high-quality PP, HD, and BOPP products with a focus on sustainability and customer satisfaction.

OUR VISION

To be a global leader in polymer solutions, expanding into new markets with top-tier quality and service.

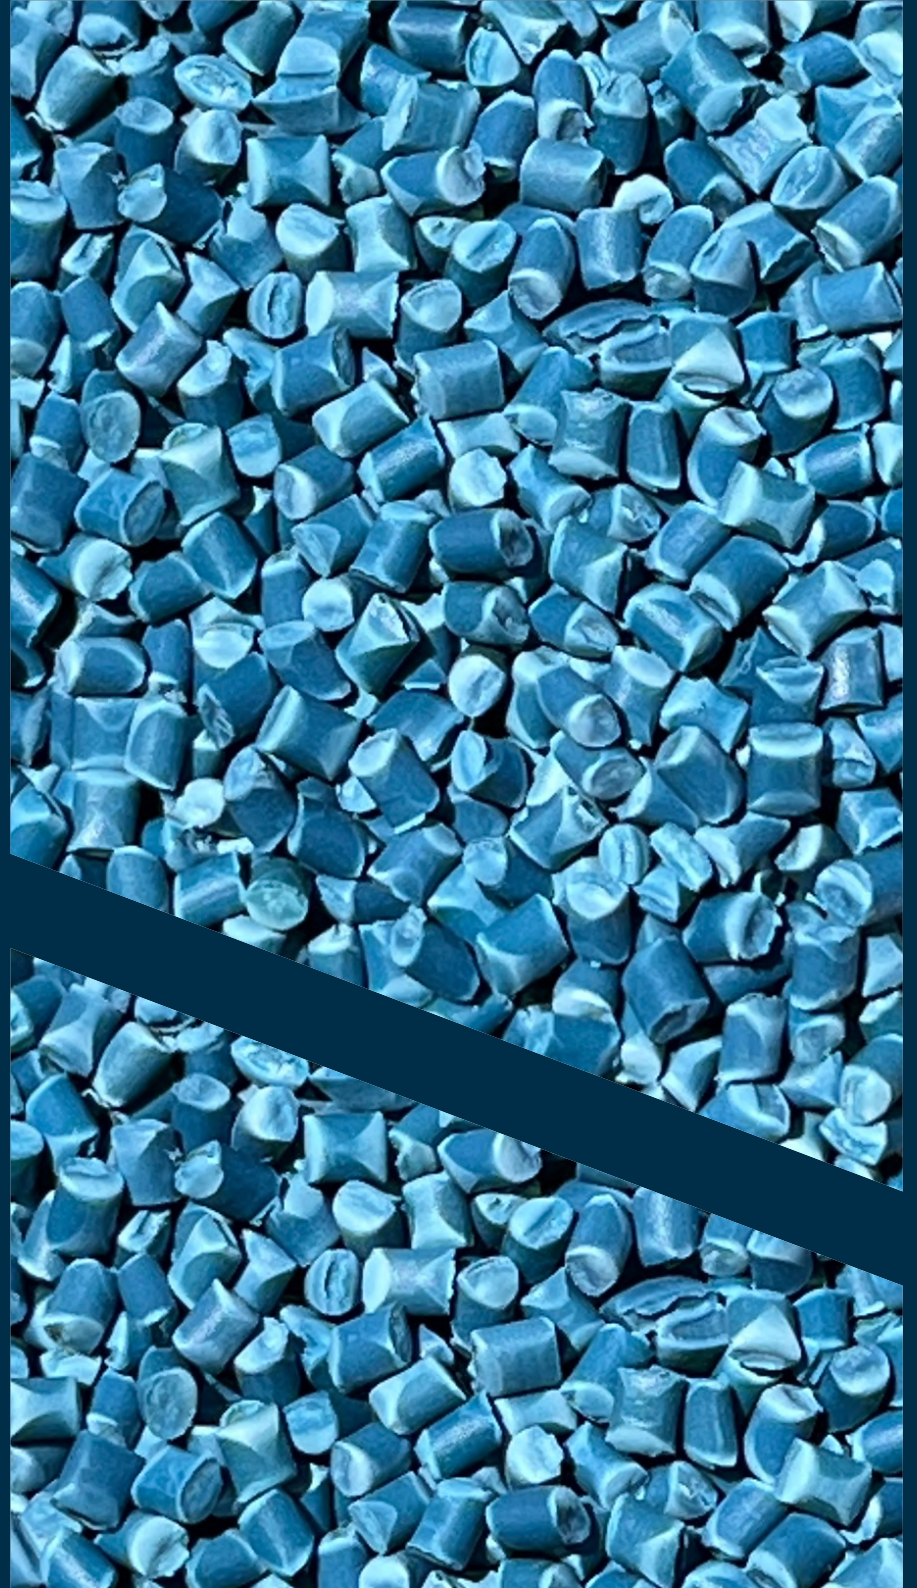

GOAL

To grow in gulf, sri lanka,
nepal, and africa while
Boosting production and
turnover to meet demand.

**SUSTAINABLE
SOLUTIONS
